Sub: MNRE's 3000 MW State Specific Bundling Scheme in Batch-II, Phase-II of National Solar Mission: Clarification in respect of part-commissioning, reg.

Ref : NTPC Ltd.'s letter no. CC/RE/BD/08/01/dated 31.08.2015 on above subject

Dear Sir,

Your kind attention is invited to the above referred letter from NTPC Ltd., wherein NTPC Ltd. had sought clarification regarding clauses 3.12.1 and 3.13 of the MNRE guidelines for 3000 MW State Specific Bundling Scheme in Batch-II, Phase-II of National Solar Mission.

In this regard, the following is clarified:

1. In case of part-commissioning also, CoD for the part commissioned capacity shall be 30 days from the actual date of commissioning of that part commissioned capacity and therefore clause 3.13 of the guidelines will apply to the part commissioned capacity.
2. In such cases, where
 - (i) some capacity of the project is commissioned and CoD for that capacity has been achieved, whereas
 - (ii) some more capacity has been commissioned but CoD for that capacity has not been achieved,then the metered energy will be distributed on pro-rata basis between
 - (i) capacity commissioned & CoD achieved and
 - (ii) capacity commissioned but CoD not achieved,

This issues with the approval of the competent authority.

28/10/15
