

File No. 22/02/2014-15/ST
Government of India
Ministry of New and Renewable Energy
Solar Thermal Division

Block 14, CGO Complex,
Lodhi Road, New Delhi-110003
Date: 14.03.2016

To,

All Channel Partners/Manufacturers

Sub:- Data entry of the installation of SWHS from 1/10/2014 onwards in SOLARWHIN

Ref:- Decision of the meeting held on 05/02/2016

As you all know that the SOLARWHIN is the only source of information about the installation of SWHS in the country for MNRE as well as public. As the entry of the installation has stopped from 01/10/2014 onwards, there is no information related to the installation of SWHS in SOLARWHIN to provide to the Parliament or other higher authorities. This data would be for MNRE records only and no subsidy claims would be entertained on the same.

During the Meeting of Channel Partners and Manufacturers held on 05/02/2016 majority of the Agencies expressed their desire to enter their installation data in SOLARWHIN. It has got two benefits. Firstly the installation entry will be reflected in MNRE's website and thereby public can view the performance of each and every company with respect to the installation of SWHS. Secondly MNRE will have the data for all types of Statistical analysis and generation reports at different levels. Hence it has been decided to restart the data entry of all installations by all channel partners as well as manufacturers. The details are as follows.

The user id and password of SOLARWHIN will be provided to you through email (If it is not already available with you). You have to start the entry for all installations installed from 01/10/2014 onwards. The entry form is revised to enter only minimum details. It is requested that all the installations made by you should be reflected in SOLARWHIN.

It may be stressed that entering of the above mentioned data is mandatory for accreditation/empanelment with MNRE. In case of an agency failing to do so, the Ministry may cancel existing accreditation/empanelment and bar the defaulting agency from applying again. As before, we are planning to give awards to those agencies that enter maximum installation data promptly in SOLARWHIN.

I request you to start the entry immediately after the receipt of this letter. You may contact Shri. Saji K Abraham, Technical Director, NIC (011-24361891), saji.ka@nic.in for any clarification related to the process.

Yours faithfully

(Sohail Akhtar)
