

Postponement of RE-INVEST to April 2018

RE-INVEST 2017 (Global RE-INVEST 2017, India-ISA Partnership; Renewable Energy Investors Meet and Expo) proposed to be held from Dec 7 to 9, 2017 is rescheduled to April 19 to 21, 2018, due to unavoidable reasons.

MNRE is grateful to all the speakers, panelists, delegates, manufacturers, developers, technology providers, research institutions, NGO's and sponsors for their support to the event.

The structure of the program for RE-INVEST 2018 would remain same as was for RE-INVEST 2017. All the speakers who have confirmed their participation are being requested to reconfirm for the new dates. The delegates who have already registered need not register again.

The inconvenience caused is deeply regretted.
