

Inviting Industries, Institutions, Commercial establishments, State Nodal Agencies of MNRE, Manufacturers, Entrepreneurs etc to participate in Awareness Generation & Training Programmes on Concentrating Solar Technologies (CSTs) being organized by World Renewal Spiritual Trust (WRST) at their CST Center, Abu Road established under UNDP-GEF Project of Ministry of New & Renewable Energy

Keeping in view of the vast experience developed by WRST on Concentrating Solar Technologies (CSTs), a Training cum Awareness Centre on CSTs has been established at Brahmakumaris' Ashram, Abu Road under the support from UNDP-GEF CSH Project of Ministry of New & Renewable Energy, Government of India. The objective of the Center is to create awareness among various groups of stakeholders from industries, institutions & commercial establishments through seminars/workshops/ demonstrations and generate proposals for installations of CST based systems at their establishments. The Center is also helping in improving the capacity building of CST manufacturers/ entrepreneurs in the area of CST quality especially of mirror reliability/ durability, performance improvements, manufacturing skills, customization off end user products/systems etc.

A number of Awareness Seminars/ Workshops are being organized at the Centre for potential beneficiaries from industries, institutions & commercial establishments with 20-30 participants in each seminar for a period of 2 days. In addition, Training Programmes on skill development for the employees/ officials of manufacturers and entrepreneurs with atleast 20 participants in each for a period of 3 days are also being organized. The programmes are being supported by requisite course material including video films, case studies, manuals demonstration units, audio/ video presentations, training kits, visits to installations at Abu Road and Mount Abu etc for the benefit of participants.

So far 4 Awareness and 4 Training programmes have already organized by the Center with some more being organized as per below:

Awareness Seminars	
1-2 October, 2016	5-6 November, 2016
26-27 November, 2016	7-8 January, 2017 (tentative)
25-26 March, 2017 (tentative)	-
Technology Trainings	
9-11 December, 2016 (tentative)	3-5 February, 2017 (tentative)

The programmes are being organized free of cost with lodging and boarding arranged by WRST after reaching to the place of event. Registration of participants for a particular programme will be on first cum first basis.

Interested participants in respective programme of their choice may contact Ms. AnetaLoj, Programme In-charge at e-mail : infocshcenter@gmail.com.
