Lodi Road, New Delhi-110 003
Dated: 7th August, 2017

Corrigendum

The undersigned is directed to issue a corrigendum in continuation of Ministry's OM of Even number dated 31st July 2017 as :-

1. Clause 3 on page no 1: "Inverter range testing is being revised under BIS. Till the new guidelines are announced, all the test labs are instructed to proceed with old testing procedure for anti-islanding test"

may be read as:

"PV model testing latest edition (IEC 61215 & 61730-1&2, 2016) is under discussion at BIS and until new guidelines are announced, all the test lab are instructed to proceed with old testing procedure of IEC 61215, 2005, IEC 61730-1&2, 2013"

2. Clause 5 on page no 1: "The real condition testing of solar pumps is mandatory. Reports issued after 1st April 2017, without real condition testing are invalid."

may be read as:

"The real condition testing of solar pumps is mandatory for reports issued after 1st September 2017"
