

Request for comments/observations/feed-back on the draft Expression of Interest for Energy Storage Demonstration Projects for Supporting Renewable Energy Generation

The Ministry of New and Renewable Energy (MNRE) proposes to support demonstration projects for energy storage to assess feasibility of energy storage technologies for small scale and grid connected MW scale renewable energy applications. The demonstration project are expected to help in acquiring the desired technical knowledge, economic & market assessment and insights on the approaches for shaping up a focused programme in this key area.

2. Comments/observations/feed-back from industry, developers, academia, electrical utilities and other stakeholders are solicited on the draft [Expression of Interest \(Link\)](#) by 10 August 2014. The comments may be sent through email at policy-mnre@nic.in or by post at the following address:-
