

Government of India
MINISTRY OF NEW AND RENEWABLE ENERGY

14, CGO Complex, New Delhi-110003.
Dated the 24th June, 2009

Subject: 4th International Renewable Energy Conference and Exhibition, 2010 (IIREC, 2010) from 27th to 29th October, 2010 at New Delhi/NCR.

The India International Renewable Energy Conference, 2010 (IIREC, 2010), which was scheduled for 17th to 19th February, 2010 has been postponed and rescheduled to 27th to 29th October, 2010.

ABOUT IIREC, 2010

Upscaling and Mainstreaming Renewables for Energy Security and Climate Change

IIREC, 2010, an international platform for government, private sector, and non-governmental leaders to jointly address the goal of advancing renewable energy, will be the 4th global ministerial-level conference on renewable energy, following events at Washington in 2008, Beijing in 2005 and Bonn in 2004. The IIREC 2010 will build on the success of the previous conferences with the support of National and International Sponsors. REN21 – the Renewable Energy Network – will be a key partner in the IIREC, 2010. Cabinet-level government functionaries from a number of countries will join civil society partners and private sector leaders to discuss the opportunities and challenges of a global, rapid deployment of renewable energy. The conference will bring together ministers, high-level decision makers and policy level thinkers from a number of participating countries.

Participants will address key drivers of renewable energy production and use, including: Grid interactive renewable power: Policy and Technical

issues; Decentralized and distributed renewable energy generation; Up scaling Global Effort for Technology Development & Transfer; and Renewable Energy Financing and Investment. Each theme will examine policy initiatives that can facilitate rapid scale-up of renewable energy.

The Conference Agenda shall have both the breadth and depth necessary for international leaders to address energy security, environmental issues, and wealth creation in rural areas. The schedule shall be designed to complement the Trade show and Conference at IIREC, 2010.

IIREC, 2010 is an unparalleled opportunity to connect with other manufacturing and supplier peers, industry experts, and influential leaders as they share insights on renewable energy and what the future holds for the industry.

IIREC, 2010 is expected to be the premier all-Renewables gathering in India ever, with an attendance of over 7,000-9,000 delegates/ participants and around 500 exhibitors, which will make it the largest event of its kind.

Packed with a full-scale Trade Show with press conferences and product launches, an exciting eight-track Business Conference and Side/ Parallel Events/ Presentations/ Interactive Sessions, IIREC, 2010 will offer educational and networking opportunities for a wide range of participants. IIREC, 2010 offers industry leaders the ability to share their insights, strategies, technologies, new products and staff capabilities with their audiences. The IIREC, 2010 is sponsored and managed by MNRE and Partner Organizations.

Supporting Governments, International / National Organizations, Industry Associations

A number of Foreign Governments, International / National organizations, Apex Chambers of Commerce & Industry and Specialized Industry Associations / Organizations and private sector organizations/ players such as: Germany, Norway, Canada, USA, Japan, Denmark, Spain,

Austria and many more countries; United Nations Economic and Social Commission for Asia and the Pacific, Bangkok, Thailand; European Renewable Energy Council (EREC), Brussels, Belgium; REN 21 - Global Renewable Energy Policy Network; International Hydropower Association, London; The World Wind Energy Association; Energy Technologies, Renewable Energy Sources & Energy Saving Department, ENEA Research Centre, Italy; M/S McKinsey & Company; Federation of Indian Chambers of Commerce & Industry; Confederation of Indian Industry; ASSOCHAM; Indian Wind Energy Association; The Energy and Resources Institute; Indian Institute of Technology, Delhi; Foundation for Renewable & Energy Efficiency; Solar Energy Society of India; Central Board of Irrigation & Power; Maharashtra Solar Manufacturers' Association; India Semi Conductor Association; Cogeneration Association of India; The Indian Renewable Energy Development Agency; World Institute of Sustainable Energy; Salmon Leap Associates India Pvt. Ltd.; Tata Strategic Management Group; Indian Institute of Architects; etc. have offered full support and expressed their willingness to collaborate/ participate in the IIREC, 2010.

Business Conference

The Business Conference will provide a platform for over 250 industry-leading speakers, experts, academicians, Government leaders and financing institutes/banks to share their knowledge and insights with attendees. The Business Conference will consist of eight parallel tracks, held over three days, on each of the key technologies (wind, solar, hydro, ocean, geothermal, and biomass/ biofuels/ waste energy), plus cross-cutting sessions on markets, finance and policy. Discussions on clean technologies will incorporate presentations on hydrogen, fuel cells, batteries and other energy storage technologies, transmission, smart grid distributed generation, energy efficiency, green buildings, and other topics related to renewable energy.

IIREC, 2010 Side Events

The IIREC, 2010 Side Events (IISEs) will enhance participants' capacities and knowledge across IIREC's thematic areas. IISEs will be produced by a variety of sponsors, NGOs, and governments. They will offer a unique chance for the world community to discuss the opportunities and challenges of a rapid global scale-up of renewable energy, and to address the goals of energy security, climate change, and sustainable development.

Trade Show/ Exhibition

A number of companies and organizations and international governments will host booths and pavilions on the Trade Show floor. Exhibitors will include equipment manufacturers and suppliers, systems providers, finance and investment firms, research & development companies, project developers and operators, law firms, green builders, architects, construction and rigging companies, NGOs, trade associations, and government agencies. The Trade Show at IIREC, 2010 shall be the largest business-to-business and business-to-government conference and exhibition ever held on all renewable energies in India. It shall be global in scope, hosting exhibitors, speakers and delegates from a number of countries. IIREC, 2010 will build on the Trade Show at WIREC, 2008 to highlight top companies in the worldwide renewable energy industry.

One to One Meetings

Beside participation in the Conference, side events, sectoral sessions and trade show, the event will provide opportunity for one to one meetings for on the spot discussions/interactions within the Conference premises to entrepreneurs seeking collaborations, technology transfers, setting of joint ventures and investments. Arrangements for such meetings shall be made on request from the concerned parties.

Who shall attend IIREC, 2010?

- Architects
- Associations and Industry leaders
- Building Owners
- Code Officials
- Consulting Firms
- Construction & Rigging Companies
- Contractors
- Component Manufacturers
- Project Developers
- Researchers and academics
- Engineers
- Equipment Manufacturers
- Facility Managers
- Government Agencies
- Green Power Providers
- Home Builders
- Insurance Firms
- Advocacy Groups
- Media
- Environmental groups
- International organizations
- Entrepreneurs
- Carbon fund managers
- Clean-Tech specialists
- Interconnection Companies
- Institutional Investors
- Investment Banks
- Financial Services Providers
- Institutes of Architects
- Law Firms
- Nonprofit Organizations
- Municipalities
- Politicians
- Product Manufacturers
- Investors
- R & D institutions
- Schools and Universities
- Students
- Venture Capital Firms
- Technology developers
- Utility providers
- PSUs
- Governments and High level decision makers
- Civil Society
- Private Industries
- Policy level thinkers
- Non-Governmental Organizations
- Regulatory institutions
- Planners

Invitation to stake holders in India

In order to present a well-knit show, to project India as investment destination for setting up projects and joint ventures/ manufacturing units for equipments / Renewables, to showcase prowess of India as Renewables' future hub of the world and to take benefit of your vast knowledge and expertise in the RE sector, the Ministry of New and Renewable Energy (MNRE) cordially invites all Ministries/ Departments in the Government of India, Apex chambers of the Commerce & Industry / Associations/ Sector specific Associations/ Organizations concerned and having interest in the development of various forms of Renewable Energy to participate and collaborate in organization of the proposed Conference and Exhibition by pooling in resources.

Interested Apex Chambers of Commerce & Industry/ Associations/ Sectoral Associations/ Specialized Organizations, Non-Governmental Organizations etc. dealing with Renewable Energy Sector in India are requested to send a short brief containing detail of their organization, area of interest, their standing in the area and how they would like to contribute/ participate in organization of the above Conference and Exposition to this Ministry at the E-mail address: ss.madan@nic.in.

Don't Miss this Exciting opportunity.

**Join us at India International Renewable Energy Conference
(IIREC, 2010) at New Delhi/ India Exposition Mart Ltd.
Greater Noida (NCR) from 27 to 29 October, 2010.**

Please mark your calendars and get ready for this great Event.

Details about schedule, agenda, subjects, registration fee and procedure, pricing for exhibition space, accommodation etc. shall be available shortly on the Websites of the Ministry: <http://mnre.gov.in>, IREDA: <http://www.ireda.in> as well as that of IIREC, 2010 Website (presently under construction).
